DEPARTMENT: 32000 POLICE

STATEMENT OF SERVICE

The Auburn Police Department exists to protect and serve the citizens and visitors of the City of Auburn. The sworn officers and support personnel of the Auburn Police Department are professional, dedicated and community oriented. The officers enforce all state, local laws and city ordinances, protect life, property, and preserve the public peace and safety. We will be proactive in preventing crime and local disorder. We will uphold the Constitution of the United States and the state of Georgia.

OBJECTIVES ACCOMPLISHED AND THOSE NOT COMPLETED FOR FY 2017

(NOTE LIST SUBMITTED OBJECTIVES FROM FY 2017 BUDGET INFORMATION AND PLACE COMPLETED, NOT COMPLETED, OR IN PROCESS)

1. Continue the review and revision of the Auburn Police Department Policy and Procedure Manual, to meet state certification standards and law enforcement best practices by **April 1, 2017**. The current policy and procedures has several sections that need to be revised or removed. **IN PROCESS** – several sections have been updated and additional policies (Vehicle Operation, Physical Fitness, Narcan, etc.) were needed. This objective will continue with multiple completion dates.
2. Adopt a voluntary fitness program for all sworn officers that includes an annual evaluation/test and implement by **January 1, 2017**. The program will use verifiable standards and goals based on age and gender. Officers who meet or exceed an above average level of fitness (50%) can be awarded compensatory time off, up to a maximum of 24 hours in a calendar year. **COMPLETED** – the annual fitness evaluations will be conducted in November 2017.
3. Implement a community based program that has officers assigned, as a liaison, to specific subdivisions. Officers will conduct quarterly meetings much like a neighborhood watch program, with dissemination of current crime statistics, crime prevention measures, code enforcement efforts and home safety tips. The assigned officer will make his assigned subdivisions a priority for code enforcement and subdivision checks. Residents will be given their assigned officers email address for communicating any concerns or questions, with the officer or his supervisor required to respond back within three (3) days. Complete details will be provided to Mayor and Council upon the completed preparation of the program's policy and procedure by **December 1, 2017**.

32000 POLICE (CONT.)

IN PROCESS – The One COP Congregational Partnership has been recommended and well received. Lt. Hodge attended the One Congregation / One Precinct presentation at the Lawrenceville Trackside Event Center in May 2017. The goal of this initiative is to promote community engagement with patrol-level officers, via congregations, resulting in decreased bias, increased familiarity and mutual respect and trust between law enforcement professionals and the citizens they serve.

4. Our Citizens Police Academy (CPA), headed up by Sergeant Marc Pharr, is in its fourth year (begun in January 2012) and will kick off its 8th session on August 9, 2016. The CPA continues to be a huge hit with the students and ever growing CPA Alumni. An **objective** and additional benefit of the CPA will be the development of a **database** of citizens who could respond to assist first responders and public works personnel in the event of a natural or manmade disaster by **December 1, 2016**. The database should contain the individual's emergency contact information, address, availability, and any special skills and equipment. **IN PROCESS** – The CPA Alumni president and Sgt. Pharr have identified and added members to this new database, but it has not been completed and submitted to the chief.
5. The police department has hosted an Explorers (Boy Scouts Learning for Life) program for over eight years now. The program has had several different coordinators/leaders from our ranks, with TAC Connie Clepper serving the longest. Sergeant Waller assumed the role of lead coordinator in November 2015, with Corporal Scott recently joining to assist. The Auburn program has hosted a local competition for the past 5 years and their **objective** for 2017 is to participate in a NATIONAL Explorers competition. **IN PROCESS** – In April 2017, Post 726 participated in a regional competition held at the Gwinnett County Fair Grounds. The members had a wonderful experience and performed well. With Connie's absence Paige Winkler, has stepped up to assist and has been a great help, we hope Connie will be able to return in late 2017. Funding prevented a National trip.

OBJECTIVES FOR FISCAL YEAR 2018

(MUST HAVE DATE TO BE COMPLETED BY EACH OBJECTIVE)

1. Continue the review and revision of the Auburn Police Department Policy and Procedures Manual to meet state certification standards and law enforcement best practices by **June 1, 2018**. The Evidence Room will require costly additions so a waiver will be sought from the appropriate state agency so that the department can move

32000 POLICE (CONT.)

forward with accreditation.

2. Implement a roll call training program which will expand police personnel's knowledge base of Georgia law, criminal procedures, traffic law, city policies, and code enforcement statutes. This program will make it the responsibility of uniform supervision to come up with a new teaching item for review during every roll call period. This will be implemented on or before **Feb 1, 2018**.
3. Complete the annual fitness assessment for all sworn officers by **November 30, 2018**. The program will use verifiable standards and goals based on age and gender. Officers who meet or exceed an above average level of fitness (50%) can be awarded compensatory time off, up to a maximum of 24 hours in a calendar year.
4. A well-trained officer increases productivity and decreases liability. The Georgia Public Safety Training Center (GPSTC) offers law enforcement certification programs at no cost to public safety employees. These intermediate and advanced certifications provide invaluable training that can increase an officers' knowledge base that will in turn decrease the probability of police action that may bring liability to the department. Although it is not feasible that all officers with this department obtain both certifications in one calendar year, the goal is to have 30% of sworn personnel to have, at a minimum, an intermediate law enforcement certificate by **October 2018**.
5. By **March 2018**, all sworn law enforcement personnel will have completed a certified CPR course taught by volunteer staff from the Gwinnett Medical Center. Training in this area is already in progress and by the above target date, all sworn officers should carry this certification.
6. Our Citizens Police Academy (CPA), headed up by Sergeant Marc Pharr, is in its fifth year (begun in January 2012) and will kick off its 9th session in August of 2017. The CPA continues to be a huge hit with the students and ever growing CPA Alumni. An **objective** and additional benefit of the CPA will be the development of a **database** of citizens who could respond to assist first responders and public works personnel in the event of a natural or manmade disaster. The database will be updated annually and should contain the individual's emergency contact information, address, availability, and any special skills and equipment (before **December 2018**).

DEPARTMENT: COMMUNITY DEVELOPMENT - 74100

STATEMENT OF SERVICE: The core mission of the Community Development is to serve as a multi-functional research, facilitation and management resource for the creation and administration of planning directives, economic development, and implementation of the City's long and short term development objectives. In addition to these responsibilities, this department utilizes its Geographic Information System (GIS) capability for spatial documentation of municipal features and to support other departmental functions through cooperative ventures.

The Community Development will oversee several major projects during the next fiscal year. The Department of Corrections will complete construction on the Auburn Center. Construction of the Trail Head is underway and will be completed this Fall. The Community Garden added bee hives under the water tower and all garden boxes are producing. Additionally, we have added chairs, tables, and flowers arrangements to invite all that pass by to stop and enjoy some time outside. Phase III of Whistlestop Shops was completed in the Summer of 2017 bringing the total number of shops to eleven (11) with one (1) restroom. The DDA received over 50 applications for shops and selected unique businesses that provided the best mixture to fit our community. Once we held the soft opening of the retail spaces at our "Sounding off the Season" Christmas event the word spread that this development was unlike anything in North Georgia. The Grand Opening was held on April 8th, 2017 and coincided with the Auburn EverAfter event. This development has been featured by Georgia Cities, DCA, and GMA.

The listed priorities in the adopted planning documents will continue to guide the work plan for this period:

CITY OF AUBURN FINANCIAL POLICIES FY 2018

I. BUDGET

Budget

The budget process provides the primary mechanism by which key decisions are made regarding the levels and types of services to be provided given the anticipated level of available resources. Budget policy states how this is achieved and addresses the need for financial health and stability.

Balanced Budget

The budget shall be balanced for the General Fund. Total anticipated revenues plus that portion of the fund balance, in excess of authorized reserves, that is designated as a budget funding source shall equal total estimated expenditures for each fund.

Financing Current Expenditures

Current expenditures shall be financed with current revenues which shall include that portion of fund balance in excess of authorized reserves. The City shall avoid budgetary procedures that balance current expenditures through the obligation of future resources, or which finance on-going expenditures with one time revenues. The City shall strive to avoid short-term borrowing to meet operating budget requirements. Nevertheless, this policy shall not prohibit short-term borrowing should a critical need arise.

Level of Budget Adoption

All budgets shall be adopted at the legal level of budgetary control which is the fund/department level (i.e., expenditures may not exceed the total appropriation for any department within a fund without the City Council's approval). All budgets shall be adopted on a basis consistent with Generally Accepted Accounting Principles as promulgated by the Governmental Accounting Standards Board.

Budget Categories

The following categories exist for budgetary preparation and presentation:

- * Personal Services and Employee Benefits
- * Purchased / Contracted Services
- * Supplies
- * Capital Outlays
- * Inter-fund / Interdepartmental Charges
- * Depreciations and Amortization
- * Other Costs
- * Debt Service
- * Other Financing Uses

Budget Objective by Type of Fund

The following budget objectives are established for the different types of funds utilized

by the City:

- * **General Fund** -The budget for the General Fund shall provide for the general government operations of the City and maintain working capital necessary for financial health and stability.

- * **Special Revenue Funds** - Budgets are prepared for special revenue funds that display the legally restricted revenue sources and how these sources are utilized.

- * **Debt Service Fund** - Revenues shall be established and fund balance maintained sufficient for debt expenditures and to provide for any debt service cash flow deficiencies which would occur prior to the receipt of property tax.

- * **Capital Projects Fund** - Budgets for capital projects shall not lapse at the end of a fiscal year, but shall remain in effect until project completion or re-appropriation by City Council resolution.

- * **Proprietary Funds (Internal Services and Enterprise)** - Although budgets for this type of fund are not required under generally accepted accounting principles, budgets shall still be prepared in order to monitor revenues and control expenses.

- * **Internal Service Fund** - Internal service fund budgets shall be prepared on a self-supporting basis. Revenue rates and charges shall be identified to cover all expenses, including depreciation and debt service (if applicable).

- * **Enterprise Fund** - A business approach is used in budgeting for enterprise funds. Enterprise shall be self-supporting when possible and minimize losses when breakeven is not possible.

- * **Trust Fund** - Budgets are not required for trust funds since trustee agreements provide necessary spending authorization and control.

Performance Budget

In addition to the line item budget, the budget document shall include "performance" budget information. The performance budget provides information on the goals and objectives which each department has determined that it seeks to accomplish during the budget year. The performance budget also utilizes "performance indicators" which measure services rendered and departmental efficiency / effectiveness on a historical basis and projects targets of the indicators for the upcoming budget year. The City shall strive to minimize, and reduce if possible, staffing levels required to accomplish its service delivery.

Budget Preparation

For each department, budgets shall be prepared for current service level. Expanded services or extraordinary items shall be summarized in one page or less for discussions

with the City Administrator/Mayor before further detail is prepared regarding the expanded service or extraordinary item. A current services budget is defined as that level of funding which is necessary to provide the same level of service for the upcoming year that is currently being provided. An expanded services budget includes funding request associated with new service and/or additional personnel.

Budgetary Control / Reports

A system of budgetary controls shall be maintained to assure adherence to the budget. Timely financial reports shall be prepared comparing actual revenues, expenditures and encumbrances with budgeted amounts.

Authorization of Budget Adjustments

The budget is a dynamic rather than a static revenue and spending plan which requires adjustment from time to time as circumstances change. Approval of the City Council is required for increases in total department or fund budgets, increases or decreases in the personal services budget total of a department or fund, increases in the level of authorized positions, or changes to capital outlay items in amounts greater than \$5,000.00. Approval of the City Administrator is required for changes to capital outlay budgets in amounts less than \$5,000.00. Approval of the City Administrator is required for budget transfers within the department, excluding changes which alter personal services.

Budget Amendment Process

City Council shall authorize new projects by approving a Project Resolution which shall include the estimated cost and funding source. At the end of each fiscal year quarter any necessary budget adjustments, including budgets for any projects authorized during the quarter, shall be enacted through a budget resolution. These supplemental budget resolutions shall be balanced for each and every fund.

Budget Lapses at Year End

All operating budget appropriations, except for Capital Project Funds, shall expire at the end of a fiscal year. In accordance with generally accepted accounting principles, purchases encumbered in the current year but not received until the following year are paid from the budget of the following year. However, when necessary, City Council may make a re-appropriation to resolve unusual situations or hardships caused by this policy.

Unreserved Fund Balance

The City shall attempt to establish an unreserved fund balance in the General Fund. The purpose is to pay expenditures caused by unforeseen emergencies, handle shortfalls caused by revenue declines, and to eliminate any short-term borrowing for cash flow purposes. This reserve shall accumulate and attempt to be retained at an amount which represents 3 month or .25 of operating expenditures.

Utilization of Prior Year's Fund Balance in Budget

Unreserved fund balance may be used as a funding (revenue) source for that fund's budget. The amount of unreserved fund balance shall be estimated very conservatively.

Contingency Budget

The City shall include a contingency amount in the General Fund budget for emergency type expenditures which cannot be foreseen when the budget is adopted. The goal of the contingency shall be 2% of the total General Fund budget, and this shall be subject to annual appropriation.

Maintenance and Replacement of Capital Equipment

Priority shall be given in budget preparation and enactment for adequate maintenance of capital equipment and facilities, and for their orderly replacement.

Federal and State Grants

City Council shall approve all grants and grant applications through project resolutions. All Federal and State grants shall be subject to the City's accounting and budgetary policies. All key financial provisions, including required local match, shall be included in the project resolutions. Accounting and budgeting information shall be inclusive of the Federal /State participation as well as local participation. Provisions shall be made in the City's annual budget for anticipated grants.

Contributions

Unless authorized by City Administrator, contributions to programs operated by City departments shall be subject to the City's accounting and budgetary policies. The City welcomes both unrestricted contributions, as well as restricted contributions compatible with the City's programs and objectives. Any material contributions shall be appropriated by City Council prior to expenditure.

Administrative Service Fee

Direct cost will be charged to all funds were practical. When impractical, an administrative service fee or an allocation shall be assessed to the Public Utilities Enterprise Fund by the General Fund. This assessment will be used to reimburse the General Fund for the administrative and support services provided to the Public Utilities Enterprise Fund. With this system, the transfer to the General Fund will increase as the total revenues increase.

Net Budget

A net budget total shall be calculated as well as a gross budget total in order to prevent the "double counting" of revenues and expenditures. The net budget total is calculated by subtracting inter-fund transfer amounts from the gross budget total.

II. FINANCIAL POLICIES DEBT**Purpose of Debt Issuance**

The City of Auburn will utilize long-term debt only for capital improvement projects that are too extensive to be financed from current revenue sources. Long-term debt will not be used to finance current or on-going operations of the City.

Legal Debt Limitations

City of Auburn will remain cognizant of the millage assessed for repayment of general government debt and will strive to maintain a stable millage in the debt service area for the benefit of its taxpayers. When it is feasible, special assessment, revenue and other self-supporting bonds will be utilized instead of general obligation bonds.

Types of Debt

The City of Auburn is permitted to issue any form of debt that does not contradict the existing Constitution and laws of the State of Georgia. These include, but are not limited to:

- General Obligation Bonds
- Revenue Bonds
- Intergovernmental Contracts
- Lease Purchases
- Certificates of Participation
- Temporary Loans

Tax anticipation notes or any other revenue anticipation borrowing will be avoided. In the event such borrowing occurs on an emergency basis, the debt will be retired in full by the end of the fiscal year in which it is incurred.

Debt Features

Maturity of Debt: When long-term financing is utilized, the City will pay back the debt within a period of time that does not exceed the life of the project financed. The City will avoid the use of balloon principal payments at the end of the term of the borrowing.

Redemption Provisions: Where cost effective, the City will incorporate early call or prepayment features into the structured debt.

Inter-fund Loans

Where cost effective, the City may choose to issue loans between funds. Careful analysis will be performed on the lending fund's working capital to assure adequate cash flows will remain after the money is transferred to the borrowing fund and to ensure that the lending fund will not incur financial hardship or an increase in rate structure as a result of the transaction.

A document outlining the amount, rate, repayment terms, and other such pertinent items will be completed by staff after direction is issued by the City Council to complete the inter-fund loan transaction.

Rating Agencies

The City will strive to maintain sound communications with bond rating agencies regarding the financial conditions of the City. The City is committed to continuous full disclosure and reporting to the rating agencies and the investment community through its Comprehensive Annual Financial Reports. The City is committed to maintaining and enhancing existing underlying credit ratings with the established rating agencies.

Review of Policies

Review of debt policies will occur simultaneously on an annual basis with the

review of the Capital Improvements Plan for the City as a whole.

III. INVESTMENTS AND CASH MANAGEMENT

Investment earnings are an important source of revenue. However, the overriding concern at all times is the safety and preservation of the City's cash and investments. The ability to respond efficiently to cash flow requirements is another important consideration. Therefore, the objective of Investment and Cash Management is to maximize interest earnings, within an environment that strongly emphasizes legal compliance and safety while providing cash flow liquidity to meet the City's financial obligations.

Scope

This policy applies to all cash and investments which are the responsibility of and under the management of the Financial Services Department. Exclusions to this policy include, but are not necessarily limited to the City's Pension Trust Fund and Deferred Compensation Fund.

Safety

Investments shall be made with prudence, judgment and care, not for speculation, but for investment considering the primary objective of safety as well as the secondary objective of obtaining competitive market rates of return.

Specifically, the City shall seek to maximize safety through the following strategies:

1. All City investments shall be federally-insured or fully collateralized to protect investment principal and accrued interest. Emphasis shall be given to Category 1 collateralization (collateral securities held by the City or its agent in the City's name), which is preferable, or Category 2 (collateral securities held by the counter party's trust department or agent in the City's name). Category 3 (collateral not in the City's name) shall be avoided due to the higher degree of risk.
2. Market risk shall be avoided by limiting investments to a maximum one year of maturity, except for special circumstances where an interest rate differential and certainty of ability to hold the investment to maturity would justify a longer maturity. The City Administrator shall approve any exceptions to the one-year maturity limit, and such exceptions will be disclosed to City Council.
3. Undue credit risk shall be avoided by monitoring the financial condition of financial institutions participating in the City's investment program. Financial institutions shall provide a consolidated report of condition semi-annually and the City shall review credit-worthiness at least annually.

Legal Investment Instruments

The City shall invest in only such investment instruments permitted by State of Georgia law for local governments which include certificates of deposit, repurchase agreements, direct and agency obligations of the United States, obligations of the State of Georgia, pooled investment programs of the State of Georgia, and no-load mutual funds of direct

obligations of the United States.

Competitive Investment Rates

The City shall seek competitive investment rates within its safety criteria. Maximum opportunity shall be provided to all local financial institutions to bid and compete for City investments due to the importance of the financial institutions to the local economy.

Liquidity

Provision shall be made for adequate liquidity of investments so that the City can efficiently meet, without financial penalty, disbursement and cash flow needs, including emergency needs. It is recognized that the State of Georgia Local Government Investment Pool is structured to provide one-day liquidity on deposits and pays competitive market rates.

Pooled Cash Management

The City shall maintain a zero cash balance, pooled cash management program for the purpose of eliminating idle cash and maximizing invested funds.

Interest Allocation

Investment earnings derived from any pooled cash investments shall be distributed to individual funds based upon each fund's amount of participation.

Investment Reporting

The Financial Services Department shall prepare a monthly report of investments.

ORDINANCE # 17-006

**AN ORDINANCE OF THE MAYOR AND COUNCIL OF THE
CITY OF AUBURN, GEORGIA**

TO ADOPT THE FISCAL YEAR 2018 BUDGET FOR EACH FUND OF THE CITY OF AUBURN, GEORGIA, APPROPRIATING THE AMOUNTS SHOWN IN EACH BUDGET AS EXPENDITURES/EXPENSES, ADOPTING SEVERAL ITEMS OF REVENUE ANTICIPATIONS, AND PROHIBITING EXPENDITURES OR EXPENSES FROM EXCEEDING THE ACTUAL FUNDING AVAILABLE.

WHEREAS, sound governmental operations require a General Fund Budget in order to plan the financing of services for the citizens of the City of Auburn; and

WHEREAS, Title 36, Chapter 81, Article 1 of the Official Code of Georgia Annotated (OCGA) requires a Balanced Budget for the City's Fiscal Year, which runs from October 1st to September 30th, of each year; and

WHEREAS, the Mayor and City Council of the City of Auburn have reviewed the proposed FY 2018 Budget as presented by the City Administrator and provided public notice and held a public hearing as required by Georgia Law; and

WHEREAS, the General Fund is a Balanced Budget, so that anticipated revenues and other financing sources equal the proposed expenditures and expenses; and

WHEREAS, the Mayor and City Council wish to adopt this proposal as the Fiscal Year 2018 Annual Budget, effective from October 1, 2017 to September 30, 2018.

NOW THEREFORE, The Council of the City of Auburn hereby ordains as follows:

Section 1. That the proposed Fiscal Year 2018 Budget, attached hereto and incorporated herein by reference as a part of this Ordinance is hereby adopted as the Budget for the City of Auburn, Georgia for Fiscal Year 2018, which begins October 1, 2017 and ends on September 30, 2018.

Section 2. That the several items of revenues, other financing sources, and sources of cash shown in the budget for each fund in the amounts anticipated are hereby adopted, and that the several amounts shown in the budget for each fund as proposed expenditures or expenses, and uses of cash are hereby appropriated to the departments named in each fund.

Section 3. That the "legal level of control" as defined in OCGA §36-81-5 is set at the departmental level, meaning that the City Administrator, in capacity as Budget Officer is authorized to move appropriations from one-line item to another within a department, but under no circumstances may expenditures or expenses exceed the amount appropriated for a department without a budget amendment approved by the Mayor and City Council.

Section 4. That all appropriations shall lapse at the end of a Fiscal Year.

Section 5. That this ordinance shall be and remain in full force and effect from and after its date of adoption.

It is so ordained on this 7th day of September, 2017.
