MAYOR'S MINUTE

Mayor Rick Roquemore

Recently, I had the opportunity to tour the Auburn headquarters of Sunbelt Asphalt Surfaces, Inc. with Congressman Mike Collins, who represents Georgia's 10th Congressional District in the U.S. House of Representatives.

During this visit, we met with the leaders of Sunbelt Asphalt and discussed their future growth in Auburn, GA, and thanked them for headquartering their business in Auburn. They contribute to many high-paying jobs, local taxes, and education initiatives.

Sunbelt Asphalt alone is responsible for more than \$1 million in tax revenue for the state and local jurisdiction like Auburn. Sunbelt is also on the cutting edge with lowering their environmental impact by reducing energy consumption by 20% by upgrading their systems and by recycling over 45,000 tons of asphalt yearly. Sunbelt is also working on new technologies to use scrap tires in mixtures to improve performance and longevity of road surfaces.

As your Mayor, I strive to keep businesses like Sunbelt in Auburn and to bring in more businesses that provide jobs, taxes, and support for the local community through education and job training for our citizens.

With the input and help of the citizens of Auburn, we can continue to grow with businesses like Sunbelt and others without burdening the lives of the citizens of Auburn.

In my discussions with Congressman Collins and others during this tour, I know Sunbelt and our congressional representation are committed to helping Auburn and the surrounding area grow responsibly. I, too, am committed to ensuring responsible growth in the City of Auburn and bringing and keeping high-paying jobs in Auburn for our citizens
