

HAPPENING IN YOUR CITY

AUBURN POLICE

Flock Safety cameras have been approved for the City of Auburn.

What is Flock Safety?

- Flock Safety is a public safety operating system that helps law enforcement in thousands of cities work together to eliminate crime, protect privacy, and mitigate bias.

A proactive solution to fight crime in your neighborhood.

- 70% of crime involves a vehicle. Flock builds devices that focus on vehicular evidence, including license plates and a detailed Vehicle Fingerprint™. Once the police have a potential suspect vehicle, they are more likely to clear cases and decrease crime rates.

24/7 Protection

- Alerts police automatically if a stolen vehicle or known suspect enters your community

PUBLIC WORKS

Benjamin Mooney of our Public Works department has earned yet another honor to help serve the citizens of Auburn better.

Mr. Mooney just completed the National Certificate of Public Works Management program through the Carl Vinson Institute of Government at UGA.

The program consists of 90 classroom hours and is designed to provide the Public Works official with the knowledge and skills to enhance the services they provide to the citizens.

If you see Mr. Mooney out and about around Auburn please thank him for his continued growth and dedication to serving the citizens of Auburn to the best of his ability.

Mr. Mooney's skill and ability proves the importance and value of the education and training our city employees go through.

MAYOR'S MINUTE

Mayor
Rick Roquemore

I pledged transparency during my campaign, and since assuming office, with the city council's support, we have enacted several measures to honor that commitment. We've rescheduled our meetings to 6:00 PM, allowing working citizens to participate more easily. To facilitate informed public input, we've relocated citizen comments to the post-workshop segment, where the discussion details are fresh. Additionally, we've allocated time for citizen comments at the start and end of our business meetings, addressing agenda items and broader concerns, respectively. I have personally met with every citizen who has sought an audience, adjusting my schedule to make these important interactions possible. Our City Council members are approachable and responsive, embodying our commitment to accessibility. While we encourage all citizens to engage in our meetings, the onus is now on the community to seize this opportunity for civic involvement.

Thank you,
Rick Roquemore
