Mayor

Agenda Item No. 1

To: Mayor and Council
From: Chief Chris Hodge
Date: October 23rd, 2025

Purpose

Consider approving the placement of three-way stop signs at the intersection of Autry Road and the Autry Pines private entrance

Background

The Police Department is petitioning the City Council to allow for a three-way stop sign to be erected at the intersection of Autry Road and the private entrance to the Autry Pines community. This measure would potentially limit the speed of vehicles on Autry Road as the city prepares for increased traffic from the new townhome development. This measure would also aid vehicles entering and exiting the Autry Pines community by limiting the speed of vehicles on the roadway

Funding

No funding necessary

Recommendation

Approve the placement of additional stop signs on Autry Road at the Autry Pines community private entrance

AGENDA ITEM: 2

TO: Mayor and Council

FM: Jack Wilson
City Attorney

DATE: October 23, 2025

PURPOSE: Amendment to adopt Gwinnett County Septic regulations by reference for consistency for City of Auburn properties located in Gwinnett County.

BACKGROUND: Gwinnett County Government has requested that the City update certain uniform regulations related to the operation and maintenance of onsite sewer and septic systems for properties located within Gwinnett County. The rules and regulations promulgated and adopted by Gwinnett County promote the best interest of the health, safety and welfare of the citizens and encourage proper maintenance and preparation of onsite sewer management systems.

RECOMMENDATION: To approve Ordinance---- amending the City of Auburn code of ordinance regarding onsite sewage management for Gwinnett County properties as presented by staff.

FUNDING: N/A

ORDINANCE NO. __25-009__

AN ORDINANCE TO AMEND THE CITY OF AUBURN
CODE OF ORDINANCES REGARDING
ONSITE SEWAGE MANAGEMENT FOR GWINNETT COUNTY PROPERTIES

WHEREAS, the City of Auburn has established regulations for on site sewage management, water supply, and watershed protection; and

WHEREAS, the Gwinnett County Government has requested that the City update certain uniform regulations related to the operation and maintenance of onsite sewer and septic systems for properties located within Gwinnett County; and

WHEREAS, the rules and regulations promulgated and adopted by Gwinnett County promote the best interest of the health, safety and welfare of the citizens and encourage proper maintenance and preparation of onsite sewer management systems;

NOW THEREFORE, THE COUNCIL OF THE CITY OF AUBURN HEREBY ORDAINS that the following Section 15.04.210 Gwinnett County Onsite Sewer Management be and is adopted as follows:

1.

Section 15.04.210 Gwinnett County Onsite Sewer Management

- (a) *Rules and regulations of the state department of public health; adopted.* The regulations of the county board of health, adopted by resolution February 12, 2024, based upon rules of the state's department of public health, as referenced in chapter 511-3-1, as now or hereafter amended, as now or hereafter amended, and having been adopted by resolution of the board of commissioners on May 14, 2024, as the health regulations governing on-site sewage management systems for the county are made a part of this Code as though fully set out at length in this section. Copies of the on-site sewage management systems regulations are on file in the office of the clerk of the board of commissioners.
- (b) *Rules and regulations of the state department of public health; enforcement.*
 - (1) The rules and regulations cited in subsection (a) of this section shall be enforced by the county board of health as a duly adopted ordinance of the county and City of Auburn.
 - (2) Violations of this section may be prosecuted upon citations issued by officers of the county police department, the county department of water resources, or by designated employees of the county board of health or City Code Enforcement. Any person violating any provision in these regulations shall be guilty of violating a duly adopted ordinance of the county, and upon conviction by a court of competent jurisdiction shall be punished either by a fine not to exceed \$1,000.00, or by confinement in the county jail for a total term not to exceed 60 days, or both. The court shall have the power and authority to place any person found guilty of a violation of this regulation on probation and to suspend or modify any fine or sentence. As a condition of

such suspension, the court may require payment of restitution or impose other punishment allowed by law.

(c) *New community sewage treatment systems prohibited.*

- (1) A community sewage treatment system shall mean a privately owned sewage treatment system which collects sewage from two or more residents or other establishments and which may consist of collector lines, pumps, sewage tanks and/or soil treatment units. Community sewage treatment systems are characterized by having relatively few residents or establishments which contribute flow and are not staffed by qualified operators licensed by the state 24 hours a day, seven days a week.
- (2) New community sewage treatment systems are prohibited in the county and the City of Auburn, notwithstanding any and all provisions of Ga. Comp. R. & Regs., chapter 511-3-1 that may otherwise allow such systems to be permitted.
- (3) Upon the effective date of the ordinance from which this section is derived, no new community sewage treatment facilities that may be permitted in any municipality in the county shall be permitted to send sewage flows to the POTW.

(d) *Authority to disconnect water service.*

- (1) The director of the county department of water resources (DWR director), the DWR director's designee, the City Administrator or his designee is authorized to disconnect water service from any property where a pattern of repeated refusal to repair a failed septic tank system has resulted in harm to public health, safety, welfare, the environment or the public interest, as set forth herein. Three bacteriological tests showing 200 or more colony forming units of fecal coliform bacteria taken from affected surface water shall be presumptive evidence of harm to public health, safety, welfare, the environment or the public interest.
- (2) The DWR director, City Administrator or designee is authorized to work with the county health department, an agency of the state, to coordinate measures to protect public health, safety, welfare, the environment or the public interest from contamination caused by failed septic tanks.
- (3) The DWR director, City Administrator or designee is directed to work with the county health department and with the owners of property affected by failed septic tanks to repair the maximum possible number of such systems, giving due regard to protecting health, safety, welfare, the environment or the public interest.
- (4) Upon following the notification procedures established by the county health department directing a property owner of the need to repair a failed septic tank system, the DWR director, City Administrator or designee is authorized to disconnect water service connected to that failing septic tank system whether

or not the property owner has paid any civil penalties or whether or not the property owner or occupant is current with any bills from the City or County sewer utility.

2.

The City Administrator and City Clerk are further authorized to correct typographical errors in the text of this Ordinance and the existing City Code and to produce and publish a final codified version of the City Code with the amendments and revisions outlined herein.

3.

In the event any Court of competent jurisdiction determines that any portion of the foregoing amendment is invalid, unconstitutional, or otherwise illegal, such rulings shall not impair the validity of the rest and remainder of this amendment.

4.

All laws and parts of laws in conflict with this Ordinance are hereby repealed.

5.

This Ordinance shall be effective immediately upon its adoption by the Mayor and City Council.

SO ORDAINED this _____ day of November, 2025.

AGENDA ITEM: 3

TO: Mayor and Council

FROM: Jack Wilson
City Attorney

DATE: October 23, 2025

PURPOSE: Alcohol License Application—Transfer and issuance for package store Hill's Shop Road/Hwy 324

BACKGROUND: In 2021, City voters approved a referendum to permit retail package sales of alcohol within the City. The City adopted an ordinance to govern such sales. In 2022, the City appointed a committee to evaluate applications for licenses. The committee recommended approval for two licenses. The City Council approved the two licenses at two locations, imposing conditions regulating the timing of opening of the two stores. This application relates to the location approved at Highway 324 (Hill's Shop Road) (Tax Parcel AU01 004A). The originally approved licensee, CDC Endeavors, LLC seeks to transfer its license to Nimishaben Properties, LLC and Paresh Patel, which will construct and operate the store at this location.

RECOMMENDATION: Staff recommends approval of the transfer and issuance of the license to Namishaben Properties, LLC. Namishaben Properties, LLC will pay all fees associated with the permitting and continuance plans.

FUNDING: N/A

ATTACHMENTS: Application and Proposed Site Plan

NOTICE OF APPLICATION FOR ALCOHOL LICENSE

CITY OF AUBURN, GEORGIA

An application for transfer and issuance of an alcohol license has been presented to the City of Auburn. The application is being made by Nimishaben Properties, LLC and Paresh Patel for a retail package store proposed to operate at Hill's Shop Road/Highway 324 (a portion of Tax Parcel AU01 004A). The application is for package sales of distilled spirits under Section 5.50 of the City Code. The location was previously approved by the City Council. A public hearing will be held on Thursday November 13, 2025 at 6:00 p.m. at City Hall, 1 Auburn Way, Auburn, Georgia 30011. Public comment is invited and encouraged.
